

The Tulare County Sheriff's Department would like to announce the creation of the OES Region V website. The site was created in order to provide the public with access to county anti-gang resources throughout the seven Region V counties. Once logging onto the main Tulare County home page (<http://tularesheriff.info/index.html>), simply select Resources/Region V Anti-Gang Program and navigate to your respective county to view a listing of anti-gang resources and related contacts.

Thank you to all the members and law enforcement representatives involved in the OES Anti-Gang Intelligence-Led Policing program.
